

# PLEASE TURN OFF YOUR CAR ALARM WHEN YOU LEAVE YOUR VEHICLE!

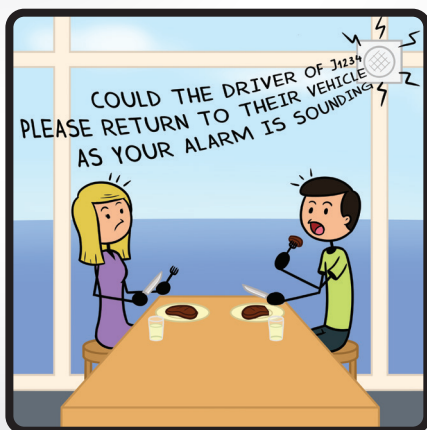

ANY MOVEMENT FROM THE SHIP AT SEA WILL TRIGGER YOUR ALARM!

Pets in cars suffer from constant alarms inside the metal hull.

Constant alarms result in flat batteries.

Your journey may be disturbed if your alarm sounds.

**Take time now to learn how to disable your alarm.**

How to disable the alarm depends on the make and model of your vehicle.

**THANK YOU -  
FROM ALL THE DOGS ON BOARD!  
ENJOY YOUR JOURNEY!**
